

**Subject:** Yue Jing Ying Reference

To Whom It May Concern:

This letter is my personal recommendation for Yue Jing Ying. Jing Ying was employed by Micron Semiconductor Asia LLP as a Data Engineer Intern from Dec 9, 2019 to May 22, 2020. While in Micron, Jing Ying's main responsibilities were data automation and data visualization work for Global Procurement.

In her almost 6 months tenure in Micron, Jing Ying has created tableau dashboards and Microsoft SSRS reports for various stakeholders in Micron which helped to automate current business processes and streamlined reports.

Jing Ying is bright and hardworking. She has a positive attitude and is eager to learn. She can work independently and is able to follow through to ensure that the job gets done. She is also flexible and willing to work on any project that was assigned to him.

I highly recommend Jing Ying for employment. She is a team player and would make a great asset to any organization.

Sincerely,

A handwritten signature in black ink, appearing to read "Viess Lee", written over a horizontal line.
